To Whom It May Concern

I would like to express our profound gratitude to Ultimate Kitchens Limited on behalf of Kalmar for their outstanding work on the joinery for the Foundation Building 1 project. We placed the highest priority on this project's completion, and we couldn't be happier with the result.

We acknowledge that we had to reassign the joinery scope because of unanticipated events. With a bold move, Ultimate Kitchens Limited took on the difficult assignment of finishing the wardrobe joinery scope. The requirement to do this task in a very short amount of time while meeting the high standards of a high-end finish made it even more difficult. Notwithstanding these difficulties, Ultimate Kitchens delivered superb joinery on time, exceeding our expectations.

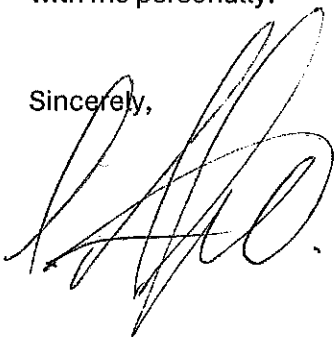

I was directly involved in the procurement process and had the chance to closely monitor Ultimate Kitchens Limited's performance during the joinery's construction. Working with their on-site, design, and commercial teams was a true delight. They demonstrated professionalism, meticulousness, and a dedication to excellence in all facets of their job.

John Dunn deserves special recognition for his initiative, since he made many visits to the site despite it being far from their Keri Keri factory. His commitment to excellence greatly allayed our worries about the caliber and advancement of the joinery work.

Ultimate Kitchens Limited's outstanding work on the 46 apartments in Foundation Building 1 is evidence that they are more than capable of managing intricate joinery projects. Their mastery and dependability are demonstrated by their capacity to provide excellent work under duress.

I would be pleased to answer any questions you may have or to give further information. If you would want to talk about this recommendation in further depth, don't hesitate to get in touch with me personally.

Sincerely,

A handwritten signature in black ink, appearing to be 'Lev Afon', written over a light blue grid background.
